MISSION STATEMENT

The Phoenixville Community Health Foundation’s mission is to improve the health and quality of life of people through grant-making and community involvement within the greater Phoenixville community. The Foundation embraces the concept of a healthy community. As such, the Foundation seeks to promote efforts that address the physical, emotional, behavioral, and cultural health aspects of the community and the citizens who inhabit it with particular focus on health education, illness and injury prevention, and public safety issues.

The Phoenixville Community Health Foundation Board and Staff strive to be

CHAMPIONS OF COMMUNITY HEALTH.

This past January our foundation began the celebration of a wonderful occasion – the 20th anniversary of the honor and privilege of giving back to the greater Phoenixville community. We officially started on our philanthropic journey on September 1, 1998 - the very day that our foundation office officially opened its doors.

During the course of this journey we like to think that we have had considerable impact on the Phoenixville region in several ways. First, we believe that we have played a major role in promoting and strengthening a much-needed health care and human services access safety net through the grantmaking we have done over the past two decades. Including the $1,661,873 in grants made this past 2017-18 fiscal year, over the twenty-year life of the foundation’s operations, the community has benefited from over $37,300,000 being given back to the community in grant form. The ability to grant this largesse resulted from the original and subsequent sales of the Phoenixville Hospital to several health care systems over the life of our foundation. Through these sales, and wise investment of the assets garnered from them by our foundation Board of Directors, in collaboration with our investment advisors, The Vanguard Group, our foundation’s total assets now exceed $54,732,021.

Secondly, we have been able to play a contributing, impactful role in the revitalization of the Borough of Phoenixville. We have done this not only through our grantmaking but also through the total immersion of our Board’s and Staff’s time, talents, and expertise in the practice of our particular brand of community philanthropy. Because of this, it is safe to say, the work of our foundation has touched just about every corner of our community’s life in some way, shape or form.
Thirdly, over these years we have had a particular mission of working closely with the non-profit, community benefit agencies of the greater Phoenixville area in the interest of helping them become more efficient, effective, and impactful in carrying out their own missions. We have done this by an emphasis on capacity-building efforts involving grants, technical assistance, and training. We firmly believe that in order to have a healthy community, a community needs to have a very healthy non-profit, community benefit sector.

So, you will find throughout this annual report not only an accounting of the grants made this past year and our investment stewardship of the funds we hold in the community’s public interest, but also examples of various programs related to community and non-profit agency leadership, as well as initiatives to increase agencies’ performance.

As you take the opportunity to read through our annual report, we believe that you will see how seriously we take the honor and privilege of serving the greater Phoenixville area to help make it a very wonderful place to live, work, and raise a family.
Twenty Years of Impacting People

Ambassador … Catalyst … Champion

The Phoenixville area is known for its tradition of volunteerism and commitment to community. The Champions of the Community Award Program honors those individuals, across generations, who continue this

Lew Osterhoudt
Lois Gould
EXECUTIVE LEADERSHIP INSTITUTE

The Institute is designed to address the need for leadership training for the emerging leaders within the non-profit community serving the greater Phoenixville region. This leadership program identifies the emerging leaders of our local non-profit community and assists these emerging leaders in understanding leadership principles and developing their own personal style of leadership.

COMMUNITY HEALTH LEADERSHIP ACADEMY

The Phoenixville Community Health Leadership Academy, helps to identify, train and empower Phoenixville regional citizens for leadership roles that promote the community’s health and advance its quality of life. This program is designed to give community volunteers a deeper understanding about their community’s assets, strengths, challenges and needs, all while helping them develop leadership skills that will enable them to affect positive change in the community.

L/R: Patty Blank, Lorraine Colon, Nilanjana Chowdhury, Kim Weaner, Joanne Hyndman
CAPACITY-BUILDING

MAJOR DONOR TRAINING

An educational program for small to mid-sized non-profit organizations serving the greater Phoenixville region. The program focuses on expanding fundraising options to include individual donors: identifying donor prospects, cultivating them, soliciting them, and providing care and nurturing of them after they have given.

Participating Organizations: Daemion Counseling Center, Health Care Access, Kelly Anne Dolan Memorial Fund, Phoenixville Community Education Foundation, and the Senior Adult Activity Center of Phoenixville.

Participant Feedback: “Brilliant – so happy to have participated. This event marks a new direction for our organization”; “Wonderful insight on how to lead our board towards a major donor program.”; “Really engaging! Held my interest and the information was extremely helpful, well-presented, and actually fun!”

ASSESSMENT OF PROGRAM OUTCOMES

This day-long workshop features a time-tested, uniform model for identifying, articulating, and measuring program outcomes. In its one-day format, the training is experiential, featuring hands-on practical exercises, a defined six-step model, and an opportunity for participants to map their own evaluation plans specific to their organizations. Supporting methods and tools such as logic models and qualitative evaluation are also addressed. Tangible take-aways include an Evaluation Workbook, which provides background material, print and video references, and a one-page Outcomes Assessment Worksheet.

Between January 2017 and April 2018, the Foundation offered this workshop twelve times at no charge for current and prospective grantee organizations.

The Phoenixville Community Health Foundation has designated completion of this workshop as a qualifier for future grant consideration.
Grant Summary 2017-2018
